

Appl. No. : 10/619,938
Filed : July 15,2003

INTERVIEW SUMMARY

Date and Time: May 17, 2007 at 3:30 pm EDT

Location: USPTO, Alexandria, VA

Participants: Examiner Stace and Drew Hamilton

Claims Discussed: Claims 1-30, 36-47, and 51-53

Prior Art Discussed: The Ruppelt patent and the Friedman patent

Summary of Discussion: The Applicants' attorney presented proposed claim amendments to Claims 1, 36, and 51, substantially as set forth in this Amendment and Response. The Applicants' attorney argued that the amended claims were allowable over the Ruppelt patent and the other prior art of record. The Examiner indicated that the proposed claims appear to overcome the prior art of record. The Examiner said he would conduct an additional search.
